satchel:

Introduction to Satchel One for Students

- **Keep track of all your homework online** with your personal To-do List. No more writing homework down in class!
- **View any points or badges** you've earned for being a positive influence in school.
- **Download the mobile app** to receive push notifications for new homework, upcoming deadlines and behaviour feedback. You can also view your timetable on the move!

Features and apps built with you in mind

Homework

Access all your homework online with full instructions from your teacher. No need to write anything down! Submit homework in class or online via Show My Homework.

To-do List

Your personal To-do List helps you manage your time and workload. All your homework is listed in chronological order by the due date, so when you've finished a task, just tick it off. No more surprise deadlines!

Gradebook

Use the Gradebook to track any grades you receive. Spelling Tests and Quizzes are graded automatically, giving you instant feedback.

Comments

You can leave a comment for your teacher before the homework is due. Ask questions to ensure you understand fully, or request a time slot for face-to-face support.

Timetable

View your lesson timetable in full.

Attendance

View your attendance and punctuality rates.

Behaviour

View full details of any points or badges you've been given. Any feedback, good or bad, will include a reason and the name of the member of staff who issued it.

Detentions

See full details of any detentions you receive.

Mobile app

Download the free mobile app to view all this information on the move. Set up push notifications for new homework set, feedback from your teacher and upcoming deadlines.
