School closure due to extreme temperatures

Dear Parent/Carer,

We are being advised that temperatures in Nottingham are going to be even higher tomorrow, and whilst scholars are safe in school, I am concerned about releasing scholars as normal at 12:30pm tomorrow (Friday), into what will be the hottest part of the hottest day.

I have therefore made the difficult decision to **close our school for the whole day tomorrow to all scholars.** If, however, you child is one of our more vulnerable children and you have concerns about them being at home tomorrow when you are at work or elsewhere, please communicate this concern to reception staff and we will make arrangements for just these children to be in school as normal until 12:30pm.

Our year 13 leavers' ceremony will continue as planned between 10 and 11am tomorrow and the year 11 Prom will also continue as planned for those with tickets from 7pm at the Albert Hall.

I am immensely grateful for your understanding in this time of extremes. I would also want to take this opportunity to remind everyone, adults and children alike, to stay indoors and/or in shade between the hours of 11am and 4pm for the remainder of this week wherever possible.

Thank you again. My sincerest best wishes to you all.

Yours sincerely,

Mr A Smith
Principal
