Ref: Year 11 GCSE Grade Booster Intervention Sessions

Dear Parents,

As we move closer to the final part of year 11, we would like to make sure your child has the best opportunity of reaching their full potential so we will be offering extra revision sessions during February half term. The sessions are run by subject teachers and specifically designed to enhance academic performance in a particular subject. These sessions are a crucial part of our commitment to supporting the educational journey of our scholars and helping them reach their minimum expected grade. With approximately eleven school weeks left until the start of GCSE exams, it is really important that scholars engage in as much revision and independent study as possible, and these sessions will provide valuable additional support.

Please see the timetable below for more detail about which subjects are offering sessions.
